Portfolio · LinkedIn

SUMMARY

Full Stack Developer with 3+ years of experience building web and mobile solutions across diverse industries. Specialized in React and React Native on the frontend, with solid backend experience in Ruby on Rails, NestJS, and .NET. Comfortable in consulting environments, multi-client projects, and international teams. Self-driven and committed to clean architecture and maintainable code.

EXPERIENCE

Full Stack Developer 08/2025 – Present

SENIROP Ambato, Ecuador · Remote

- Developing full stack features for **Lideser**, an export/import tracking platform serving Ferrero, covering end-to-end shipment workflows
- Contributing new features and maintenance for **TapInto.net**, a U.S.-based online news platform with 15+ years of operation and large-scale infrastructure
- Working directly with English-speaking clients across requirements, code reviews, and standups
- Stack: React, Ruby on Rails, Sinatra, TypeScript

Full Stack Developer 04/2025 – 08/2025

CODETEG Ambato, Ecuador

- Delivered backend services for enterprise clients including Fideval, Telefónica, and Deloitte through a consulting model
- Migrated legacy codebases from MVC to Clean Architecture, improving maintainability across multiple projects
- Stack: .NET Framework 4, .NET 6, .NET 9, C#, Oracle Database

Full Stack Developer 12/2024 – 04/2025

MACOD SAS — TransLogi Ambato, Ecuador

- Led end-to-end development of a cross-platform cargo transport management app with real-time geolocation and price negotiation workflows
- Stack: React Native, Expo, TypeScript, Tailwind CSS, Google Maps SDK

Freelance Developer 03/2023 – 12/2024

Independent Projects Ecuador

- **Dizasa** — Responsive UI for a diesel workshop management system with photo capture, digital signatures, and QR-coded PDF reports. *Expo, React Native, TypeScript*
- **Gab Motors** — Scheduling and inspection platform for a mechanical workshop. *Next.js 14, NestJS, TypeScript*
- **Gendocs v3** — Document management and administrative UI applying Clean Architecture. *Next.js 14, NestJS, PostgreSQL, Docker*
- **Ambivalence** — E-commerce platform with product catalog and admin panel. *Next.js 13, Tailwind CSS, MySQL*
